

Spartan Explorer

Website

Document, rate, and find great things on Michigan State's Campus with Spartan Explorer: The Adventurers' Collective Treasure Trove.

Don't waste the few years you have been given at an institute of higher education *solely receiving your education*. Spartan Explorer is a website that allows students, staff and faculty to document, rate, and find the best places to go on campus. The website is *your* access to participate and benefit from a growing database documenting every attraction on campus. It has pictures, descriptions, reviews and ratings, as well as where and when to find everything. Each attraction is also given a category (Food, Art, Study Lounges and Clubs, *to name a few*) to keep it organized. Spartan explorer will give you epic adventures that you actually *do* remember in the morning.

Personas

Craig: Athlete

Hoping to leave his legacy at his Alma Mater

Yixuan: Int'l Student

Discovering Unique Aspects of America

Jessica: Freshman

Hoping to find her place in a new school
